

NOTICE TO ALL EMPLOYEES AND PUBLIC NOTICE OF INTENT TO FILE APPLICATION FOR
PERMANENT ALIEN EMPLOYMENT CERTIFICATION

Pursuant to Section 20 CFR 656.10(d), you are hereby notified that an application for permanent alien certification has been filed for the following position.

Senior Lecturer, Mechanical Engineering and Robotics

Teach and advise students in graduate and undergraduate classes in Mechanical Engineering and Robotics during the academic year, including Modeling, Simulation and Control; Introduction to Electronic and Electrical Circuits for Mechanical Engineering; Robot Design; Modern Robotics; Swarm Robotics and Bioinspired Robotics; and Bio-Medical Robotics. Acquire equipment and supplies for laboratory courses, and establish procedures for maintaining the laboratory as a safe and effective learning environment. Engage in departmental service, such as serving on committees and advising student groups. Position requires Ph.D. or equivalent-level degree in Mechanical Engineering, Mechatronics Engineering, or closely-related field. Salary \$85,000. Full-time position with Washington University in St. Louis. Send C.V. to Ms. Taylor Husbands, harristaylor@wustl.edu.

EQUAL OPPORTUNITY EMPLOYER

This notice is being provided as a result of the filing of an application for permanent alien labor certification. Any person wishing to comment may provide documentary evidence bearing on this application to the Certifying Officer, U.S. Department of Labor; Employment and Training Administration, Office of Foreign Labor Certification, 200 Constitutional Avenue NW, Room N-5311, Washington, DC 20210.
