

BlueCross BlueShield Global Solutions Health Insurance Instructions

<https://bcbsglobalsolutions.com/>

<https://bcbsglobalsolutions.com/schools/students/>

You would scroll down to the page to where it states self-enroll in group plan. Once clicked, the next page will accept the self-enrollment code.

Need to self-enroll?

If your school has directed you to enroll in (or pay for) your plan directly, all you need is your school's self-enrollment code. Then register for the Member Portal where you'll have easy access to all your benefits and support.

Need your own coverage?

Maybe your school doesn't have a group plan. That's okay! We have a plan for individual students too. It offers complete but customizable coverage.
