THIS NOTICE IS BEING PROVIDED IN CONNECTION WITH THE FILING OF AN APPLICATION FOR PERMANENT ALIEN LABOR CERTIFICATION. ANY PERSON MAY PROVIDE DOCUMENTARY EVIDENCE BEARING ON THE APPLICATION TO THE NATIONAL PROCESSING CENTER OF THE DEPARTMENT OF LABOR AS LISTED AT THE BOTTOM.

The Department of Statistics and Data Science at Washington University in St. Louis has an opening for tenure-track position for Assistant Professor. A Ph.D. in Statistics or a Ph.D in a relevant field that includes research specifically in statistics, or Ph.D in a relevant field in Data Science. The department supports foundational research as well as transdisciplinary research. Candidates with expertise and interest in emerging areas of statistics and data science, including but not limited to causal inference, statistical learning and artificial intelligence, and social data science, are welcome. Duties will include teaching and student mentoring at the undergraduate and graduate levels, conducting and maintaining a strong research program, and participating in department and university service. Application materials should include a CV, list of publications, research statement, teaching statement, and three or four letters of recommendation, one of which should address teaching credentials. Applicants are recommended to include copies of past teaching evaluations along with their teaching statements.

Qualified applicants may submit their resumes to: Jose Figueroa-Lopez, Chair of the Search Committee at sds@wustl.edu.
Equal Opportunity employer M/F/D/V.
